Email:

Amie Imler - amie.taylor@ufl.edu

Vanessa Giammanco - vmg@ufl.edu

Tori Lyons - victoria.lyons@ufl.edu

Mark Mauldin - Mauldin-mdm83@ufl.edu

Jennifer Nobles - noble1@ufl.edu

Innovative Lessons for Familiar Topics

Ever looking for a new way to teach food processing or aspects of animal science? Sometimes the best source for new ideas is an intern. Interns often bring innovation and a fresh outlook to topics that have been taught for decades. This workshop will take you through a few lessons created and successfully executed by the most recent Agricultural Education intern graduates from the University of Florida. After the lesson presentation a panel discussion of the supervising teachers consisting of Chris Wilder, Perry Byars, and Lori Albritton will share the ideas gained from the experiences and answer questions from the participants.

11:30-1:00 Lunch on Your Own

1:00-2:00 Session 2

Presenters: Panel discussion to include Danette Philpot, Ed Dillard and Chuck Combs

Organization: Marion County CTE, Pasco High, and Durant High

Email:

Danette Philpot – danette.philpot@marion.k12.fl.us

Ed Dillard – rafterjed@aol.com

Chuck Combs – Charles.combs@sdhc.k12.fl.us

Oral Reasons: Meats, Livestock and Horse

Tired of being first place losers' with your judging teams? Oral reasons are what win contests. Not only does it allow the student to hone their public speaking skills, it also offers them the opportunity to defend their placing. This open panel of expert teachers and advisors will offer tips on gaining the skills that you need to pass along to your students. Oral reasons are not something to wait until the last minute to train for, join this group to enlighten your team.

2:15-3:30 Session 3

Presenters: Brett Brandner and Kyle Hearn
Organization: DeLand High and Taylor Middle/High School
E-Mail:
Brett Brandner – bcbrandn@volusia.k12.fl.us
Kyle Hearn – wkhear@volusia.k12.fl.us

No Shop, No Problem: Ag Mechanics in the Classroom

This hands on workshop will provide teachers with materials they can use to aid their students in meeting both middle and high school course requirements for basic agricultural mechanics instruction, without the need for a shop.

3:45-4:45 FAAE Board Meeting

6:00 – on FAAE Social – Buca Di Beppo

August-5-2009-Wednesday

7:30-8:30 Owl's Breakfast

8:30-9:30 FAAE Reports

DOE – Belinda Chason

UF Update – Dr. Ed Osborne

FFA Update – Ronnie Simmons

FFA Foundation – Gary Bartley

10:00 FACTE Opening General Session (Open to All Conference Attendees)

12:00 FACTE Awards Luncheon (Open to All Conference Attendees)

PLEASE VISIT VENDORS

1:30-2:15 Session 1 A

Presenter: Merry Mott
Organization: Florida Nursery, Growers & Landscape Association
E-mail: mmott@fn gla.org

Student Industry Certification – Success in the classroom

Compliance with Florida's Career and Professional Education (CAPE) Act may appear daunting. This session provides guidance on successful integration of industry certification into your classroom. Horticulture Instructor Wendy Vidor from Matanzas High School has made the connection between curriculum and certification – annually producing students who are FNGLA Certified Horticulture Professionals. Learn how industry and education must team up to succeed.

1:30-2:15 Session 1 B

Presenter: Karen Hamilton

Organization: Riverview High

E-Mail: Karen.hamilton@sdhc.k12.fl.us

Old Florida Journal

Looking for a new classroom reading guide? Something that can be used in any curriculum? Old Florida Journal has teamed up with a few classroom teachers to assist in offering reading materials that are interesting to all student levels. The Old Florida Journal established in the spring of 2009 is like no other reading supplemental material. It focuses on different areas of Florida and is chock full of great stories and old history of our great state. This workshop will introduce you to the Journal as well as some useful reading rubrics that will be a hit in any classroom.

2:30-3:15 Session 2 A

Presenter: Merry Mott

Organization: Florida Nursery, Growers & Landscape Association

E-mail: mmott@fn gla.org

TeachHort.com – Tools to prepare your students for horticulture certification

While curriculum frameworks and industry certifications focus on the same principles, sometimes there are gaps that must be bridged to provide students quality education and industry certification exam success. TeachHort.com equips teachers with the tools necessary to provide their students success on the FNGLA Certified Horticulture Professional exam. Take a tour of the program that offers lesson plans, plant photos, bell-ringers, and connections to FFA Career Development Events, FCAT and best management practices.

2:30-3:15 Session 2 B

Presenter: Danette Philpot

Organization: Marion County Public Schools

E-mail: Danette.Philpot@marion.k12.fl.us

Career & Education Planning Course-

Lesson Plans for course implementation from a past well respected career technical teacher. Has your course been tagged with a new number? Are you being asked to comply with A++ legislation? This workshop will provide a curriculum that will assist you in the implementation of Career and Education Planning Course requirements. Marion County revised the modules to fit into a two week time period with lesson plans and worksheets to assist in this 8th grade requirement.

3:30-4:30 FAAE Meeting**4:00 President's Reception and Auction and Dinner**

August-06-2009-Thursday

9:00-9:45 Session 1

Presenter: Farrah Johnson
Organization: Deltona High School
Email: fljohnso@volusia.k12.fl.us

Teaching Risk Management

What is really meant by Risk Management? What's the most successful way to educate our students on Risk Management? National FFA has compiled a series of lessons that explore the various topics of Risk Management: tools, equipment and supplies; competition in the market place; incomes and earnings; and more. These lessons include all the pieces to a successful lesson from the strategies and projects to the tests and answer keys. This workshop will take you through the relevant items needed for a successful lesson on Risk Management.

10:00-10:45 Session 2

Presenter: David Harris
Organization: Union County High
E-mail: harrisd@union.k12.fl.us

National Winning Award Applications

Ever wonder how some come in first while others are honorable mentions? Let the expert show you how. I know some of us would love the opportunity to get the recognition our students deserve but we haven't been in the room while judging has taken place. Get those hints that are behind closed doors from a fellow colleague that is willing to share!

1:00-11:45 Session 3

Presenter: Donna Harris
Organization: Author of "Gilligan's Travel: The Back Yard"
E-mail: dharris@flvs.net

Agriculture Literacy – Through a Child's Mind

Author of the children's book "Gilligan's Travels: The Back Yard" will present ideas for using this book in the classroom to complement the Agriculture Literacy Program. Donna will sign a copy of the book and present lesson plans to complement her book. Come be a part of an exciting venture that is sure to direct future students your way.

12:00-1:30 Lunch on your own

1:30-4:00 FFAE Ideas Unlimited and Nina Crutchfield, Local Program Success Specialist, National FFA Organization
