9:00-9:45 Session 1

Presenter: Bob Usef, Curriculum Specialist
Organization: Broward County Public Schools
E-mail: Bobusef@browardschools.com

Putting All Your Eggs In One Basket - A strategy for consolidating all of your curricular resources into one electronic location

Did you ever wish you could put all of your curricular resources in one place with electronic access? Broward County decided to do just that with their Automotive Service Technology Programs. Come discover one strategy used to be certain all necessary resources are just a few mouse clicks away... for you and your students. Learn how this was accomplished and how teachers and students are benefiting.

10:00-10:45 Session 2

Presenter: Eric Owens

Organization: Florida Department of Education

E-mail: eric.owens@fldoe.org

DOE Update – What changes have occurred this year and what you need to know about them.

A number of changes at the state level have already been implemented with more scheduled to begin next school year. Hear about these changes and how they will impact you and your students. Get answers to your questions about topics such as industry certification, split programs and student transcripts in this important session.

11:00-11:45 Session 3

Presenter: Joe Oldakowski

Organization: Seminole County Schools

E-mail: joe_oldakowski@scps.k12.fl.us

Presenter: David Baldaia, Ed.D

Organization: Brevard County Schools

E-mail: Baldaia.DavidR@Brevardschools.org

Student Industry Certification – Developing district-wide strategies

Student industry certifications have become a hot topic of conversation in recent months and have received increased attention due to recent legislation. Learn how two school districts are organizing, promoting and reporting industry certifications for their secondary students in this informative session.

Session 4

Presenter: Pat Miles

Organization: Orange County Public Schools

E-mail: patricia.miles@ocps.net

Programs to Courses – Dealing with the Problems and Developing School Based Strategies

The Department of Education recently split 32 PSAV programs into two or three shortened programs effective 2009-2010. The shortened programs have been assigned new program names, program numbers and CIP numbers. Additionally course numbers have been assigned from the Statewide Course Numbering System. What does all this mean to the schools and districts offering these programs?

Bring your questions to this informative session and find out how one technical center is dealing with the problems created by this reorganization.

Session 5

FATIE President, Tom Hession of Palm Beach County
FATIE Vice President, Chip Bashinski of Orange County,
FATIE Treasurer, Brian Youngblood of Atlantic Technical Center and Kristey Richardson of the Manasota Construction Technology Careers Preapprenticeship Partnership

FATIE Annual Business Meeting and Board Meeting

Business conducted during the meeting will include but not be limited to: membership recruitment, association business, election of officers, Skills USA update, FL DOE update, website enhancement and newsletter expansion.
